

"A half day with Bill is like having 6 months of lessons."

- Lorin Anderson, Managing Editor, *GOLF Magazine*

"A world class teacher who is also a great coach. In just one session, your game will improve immensely."

- Eddie Merrins, Pro Emeritus Bel-Air C.C.

"Bill simplified what I had complicated. I got better during the lesson and continued to improve after I got home."

- Joe Salerno, Orlando, Florida

PGA Master Teaching Professional, Bill Madonna, is bringing his "Serious Golfer" program to you. Bill's half day and full day sessions are the most productive learning experiences a student can have. They improve during the lesson and leave knowing how to continue improving.

GOLF Magazine annually selects Bill as one of the **"Top 100 Teachers in America."**

He is a PGA Section "Teacher of the Year" award winner and a member of the PGA Master Professional Faculty. His students range from beginners to playing professionals on the LPGA, PGA, Nationwide and Hooters tours. Professionals can't wait for weeks to improve; they go to Bill for immediate results and see their time with him as an investment.

"After over 30 years of teaching the golf swing, I am convinced that a sustained period of instruction is the best way to make immediate improvements that last beyond the lesson. Taking sufficient time to change a student's perception and attitude about how to improve their game makes their journey more rewarding and my teaching much more effective."

Bill Madonna
