

The Complete Golfer Image ©

“A definitive and measurable means to
total game improvement”.

Presented by

Bill Madonna, PGA Master Teaching Professional

Complete Golfer Image ®

*“When world class teachers, who have studied, reviewed and assisted in the development of golf’s premier players, analyze your game using the **Complete Golfer Image** ®, you are destined to have lower scores and become a competitive match for anyone.”*

.....Bill Madonna, PGA Master Teaching Professional

By using the combined information that makes up the entirety of your game, not just your swing, you will receive the most complete view possible of your efforts to become an advanced golfer.

For years, golfers have been looking for the answer to a better game. They felt that developing a better swing was all they needed. Ask the best players in the world about their play (when they are “not in the money”) and they will tell you their game is off. They don’t say their swing is bad; they are just “off their game”.

The game consists of three components:

Full Swing Technique.....Total Short Game.....Personal Attributes

The **Complete Golfer Image** ® is just that, a simplistic, direct, and accurate means to acquire a “blueprint” of your overall game. Review the following evaluation/assessment form to see how the academy staff can “measurably” improve your “GAME.”

Full Swing Technique

Total Short Game

Personal Attributes

“A 3-dimensional view of your swing with measureable means for IMPROVEMENTEXPECT TO GET BETTER ®”

Complete Golfer Image[®]

Ability Levels: **0.1 - 1.9** **2.0 - 2.9** **3.0 - 3.9** **4**
(Scoring average) 91+ 90-80 79-72 71 or less

Note: Academy Directors collectively determine and assign 1 thru 4 ability levels
